Senior resident Ollie Chambers completes an “impossible” challenge

Published on July 18, 2024

Earlier this year, CHA employees collected a variety of puzzles and puzzle books to donate to CHA seniors. One of the donated puzzles was the clear 100-piece “Impossible Puzzle,” which included multiple fake corner and edge pieces scattered throughout the puzzle.

The CHA team member who donated the puzzle slipped a note into the box offering a special prize for its completion.

Ollie Chambers, a Fannie Emanuel Senior Apartments resident, achieved the impressive feat. Mr. Chambers told CHA’s Director of Senior Services, “I was very proud and made all the seniors proud in my building. Nothing is impossible. I won a prize for completing the puzzle, but the bigger prize is how solving it made me feel.”

Thank you #TeamCHA for your generosity and participation!
