All work shall be accomplished in accordance with the terms and conditions of this Agreement, the Detailed Scope of Work, the Task Order specifications and drawings, if any, and the work schedule set forth for each Task Order.

The Scope of Services/Statement of Work that the Contractor shall provide under this Agreement is further described in Exhibit I, attached hereto and incorporated by reference herein.

2.3 Deliverables

In connection with its performance of the Services and the Work, the Contractor shall prepare and/or provide to the CHA, at the times specified in the Task Order or at such other times as the CHA shall designate, certain deliverables that include, but are not limited to, the items described below (hereinafter, collectively "Deliverables"). All Deliverables shall be in the form described in the Task Order or in such other form as the CHA shall require. The CHA reserves the right to reject any or all Deliverables which, in the reasonable judgment of the CHA, Project Manager, and others designated by the CHA are incomplete or do not meet the specified requirements. The CHA shall notify the Contractor in writing of any deficiencies the CHA identifies with respect to any Deliverable within fifteen (15) days after receipt of such Deliverable, in which event the Contractor shall have a period of not more than fifteen (15) days to correct such deficiency. The CHA may, at its sole and absolute discretion, accept a partial or incomplete Deliverable from the Contractor for review, but such acceptance shall not constitute a waiver of the CHA's right to insist upon completion and/or correction of such Deliverable.

Nature and Format of Deliverables. The Deliverables to be provided by the Contractor shall, in general, be sufficient to communicate the progress of and details concerning the Work. Deliverables may include, without limitation, such things as samples, reports, spreadsheets, critical path schedules, photographs, construction administration records or reports, as-built drawings and specifications, as-built surveys, and inspection reports.

2. Deliverables such as samples, reports, spreadsheets, Critical Path Schedules, sketches, photographs, and drawings shall be provided in accordance with the schedule and delivery dates set by the Task Order.

2.4 Contract Administration

The Contractor, if selected to perform Services pursuant to a Task Order resulting from a Task Order Proposal, shall act as the prime contractor for the Detailed Scope of Work for the Project described in the Task Order. The Contractor will be required to work with CHA staff to satisfy the contracting objectives of awarded Task Orders. All Task Orders are subject to the terms and conditions of this Agreement.

- A. As projects are identified, CHA will request Task Order Proposals from contractors in the applicable tier on a rotational basis. CHA will establish a list order of contractors in each Tier, ranking the firms, highest to lowest, in order of their overall RFP evaluation score. Task Orders will be offered to the contractors, by Tier, in the order they appear on the list. The first task order will be offered to the contractor first on the list, the second Task Order will be offered to the next firm on the list and so on. Once the CHA reaches the end of the list, the CHA shall start at the beginning of the established list and continue to offer Task Orders to the next contractor.

- B. Section 3 Business Concerns within each tier have a preference for Task Orders issued in the following order: 1) Business Concerns of the residents of Public Housing developments where the Section 3 covered assistance is expended; 2) Business Concerns of the residents of other CHA Public Housing developments; 3) Business Concerns of HCV Participants; 4) all other Section 3 Business Concerns in the Chicago Metropolitan Statistical Area.
- C. Contractors in Tier 1 shall be assigned no more than one active (1) Task Order at a time. Contractors in Tiers 2 and 3 may be assigned no more than three (3) active Task Orders at a time.
- D. Exceptions to Task Ordering Procedure. All Task Orders shall be issued pursuant to the process above, unless one of the following exceptions applies:
 - 1. The Task Order is being issued pursuant to the competitive proposal process outlined in subparagraph Q below.
 - 2. The Task Order is a logical follow-on or supplemental Task Order to Services being performed by a Contractor under a previously issued Task Order.
 - 3. It is necessary to place a Task Order with a particular contractor to satisfy the Contractor's minimum guarantee on its Agreement.
 - 4. A Contractor with specialized expertise in a particular trade is required to complete the Scope of Work for the Task Order.
 - 5. The Contractor next on the list is currently at the maximum permitted capacity for Task Orders in progress. In such case, the Contractor will be eligible for additional Task Order assignments upon completion of an existing Task Order.
- E. Task Orders will be re-assigned to the next Contractor in the rotation when a Contractor is unable to immediately accept the work.
- F. The Contractor assigned to the project will jointly scope the work with the CHA Project Manager. At the Joint Scope Meetings, CHA and the Contractor will discuss such details as the scope of work for the Project, site access, working hours, staging areas, project timeline, the presence of hazardous materials, and requirements for catalog cuts, technical data, samples and shop drawings.
- G. Once the Detailed Scope of Work is finalized, the Contractor shall submit a Task Order Proposal, which shall include the following:
 - 1. The Task Order Price;
 - 2. Required drawings and sketches;

3. List of anticipated subcontractors and materialmen;
4. The work schedule, and
5. Any other requested documents as determined and conveyed at the joint scoping of the project.

The Task Order Price shall be calculated by summing the total of the calculation for each Pre-Priced Task from the Price List (Unit Price x quantity x Adjustment Factor) and the value of all approved Non Pre-Priced Tasks. The Contractor shall include all required tasks and quantities in the Task Order Proposal, applying the Adjustment Factor. Contractors shall submit Task Order Proposals within three (3) business days of CHA's request, or within such other time frame as set forth in CHA's request or as directed by CHA or CHA's designee. CHA reserves the right to request a Task Order Proposal from another contractor should Contractor fail to respond to CHA's request for a Task Order Proposal within the designated time frame. Contractors shall request any clarifications or additional information required to prepare the Task Order Proposal promptly so as not to delay submittal of Task Order Proposals.

Adjustment Factor. The applicable adjustment factor shall be 1.11. Any overtime or holiday compensation shall be addressed on a per Task Order basis.

- H. All Task Order Proposals must utilize the Price List, which contains construction tasks and materials with preset Unit Prices. All Unit Prices are based on local labor and equipment prices and are for the direct cost of construction. Unit Prices for materials are based upon an approved Maintenance, Repair, and Operations (MRO) catalog of products. All Unit Prices listed in the Price List are priced at a net value of 1.0000. Contractor agrees to utilize the Price List for all pre-priced tasks and materials. The Price List in effect as of the time a Task Order is issued is expressly incorporated into this Agreement.
- I. The Price List may be adjusted periodically in response to market conditions and labor rate adjustments. Respondents will be given the adjusted Price List 30 days prior to the implementation of new pricing to determine whether they wish to continue participating in the pool. Should Contractor decline to accept the adjusted pricing, Contractor may opt to withdraw from the pool by giving written notice to CHA within fourteen (14) days of receipt of any updated Price List.
- J. Non Pre-Priced Tasks. If an item from the Price List is unavailable or has a lead time that will not allow for project completion during the designated project duration, the contractor may submit a formal substitution request to the CHA Director. This form must be completed in its entirety and signed by the CHA Director *prior* to any materials not designated on the Price List being utilized. Substitution requests must be of equal or greater value and quality and meet CHA's design intent. The final approval of substitution requests is solely at the discretion of the CHA Director. No additional costs or deductions will be considered in conjunction with the substitution request.

Contractor shall submit specifications, technical data, drawings, or other relevant information in support of Non Pre-Priced Tasks. If the Contractor will perform the work,

it shall submit three independent quotes for all material to be installed and, to the extent possible, use Pre-Priced Tasks from the Price List for labor and equipment. If the Contractor is subcontracting the work, Contractor must submit three independent quotes from subcontractors. Subcontractor quotes or bids must be from subcontractors the Contractor is prepared to use. The CHA may require additional quotes or bids if those provided are not acceptable or if the pricing is deemed unreasonable.

Pricing for Non Pre-Priced Tasks shall be in accordance with the following formula:

A =Hourly Labor Rate (for trades not identified in the Price List) x the Quantity required

B =Direct Material Costs (supported by three quotes)

C =Direct Equipment Costs x the Quantity required

D =Subcontractor Costs (supported by three quotes)

E= Allowable Overhead and Profit = (A + B + C) x adjustment factor

Total Cost of Non Pre-Priced Task = A + B + C + D + E

Once a Non Pre-Priced Task is used on three separate Task Orders, upon approval by the CHA, the Unit Price for such task shall be deemed established, and shall no longer require price justification.

CHA's determination whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be conclusive, final, and binding upon the Contractor.

Any work completed not utilizing materials contained within the MRO catalog or without having obtained a fully executed substitution form prior to completion of the work may be deemed unsatisfactory and may be required to be redone utilizing the approved materials at Contractor's cost.

- K. Where a task in the Task Order Price Proposal is less than the actual cost of labor and material, the Contractor may be compensated for such tasks as a Non Pre-Priced Task. Alternatively, Contractor may use Pre-Priced Task rates to cover that actual cost, so long as there is no additional work for that trade on the Project or no work for that trade that can be scheduled concurrently, and the cost does not exceed \$1,000.
- L. CHA shall review Contractor's Task Order Proposal and evaluate the appropriateness of Contractor's approach and work plan, identified tasks and quantities proposed, and overall cost in comparison with CHA's independent cost estimate.
- M. If a Task Order Proposal is accepted, a Task Order will be issued, which shall reference the Detailed Scope of Work and set forth the Task Order Completion Time and the Task Order Price. The Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. If a Task Order Proposal is rejected, Contractor must submit an acceptable Task Order Proposal within three (3) days of the rejection or CHA may reassign the Project(s). All required evidence of insurance and any required Diversity

Goals Utilization Plan must be submitted and approved prior to issuance of a Task Order. CHA's issuance of a purchase order shall serve as the Notice to Proceed to the Contractor. CHA will only guarantee payment with a valid purchase order.

- N. Changes in the Work. CHA may request modifications to the Detailed Scope of Work. Should modifications be required to the Detailed Scope of Work, CHA may issue a change order reflecting such additional work or any deletions from the Detailed Scope of Work.
- O. CHA reserves the right to reject a Task Order Proposal, cancel a Project, or perform the work through other means, should it be determined to be in the best interests of the CHA. Contractor shall not be entitled to reimbursement for costs incurred in the preparation of a Task Order Proposal, including, but not limited to, costs for attending the Joint Scope Meeting.
- P. Contractor shall be responsible for its means and methods of performing the Detailed Scope of Work. However, CHA shall have the right to reject any such methods that are deemed hazardous to persons or property, that will not complete the Project in accordance with the terms and conditions of this Contract or the Task Order, or will unnecessarily increase the Task Order Price, where alternatives are available.
- Q. Competitive Proposal Process for Certain Tier 3 Projects. CHA may elect to award certain Tier 3 projects through a competitive proposal process. Services for these projects shall be ordered pursuant to a Task Order Proposal Request that is issued to a minimum of three (3) contractors within the tier, which will describe the Scope of Work for the Task Order. Contractors will submit a Task Order Proposal in response to the Task Order Proposal Request, and the Project will be awarded based upon the following criteria:
 - 1. Quality of the Contractor's Proposal for performing the Task Order Work.
 - a. Proposed Firm Fixed Fee to perform the Scope of Work.
 - b. Proposed duration to perform the Scope of Work.
 - c. Overall approach and work plan for performing the Scope of Work.
 - 2. Past performance on earlier Task Orders or other work under any contract with the CHA, including quality, timeliness, cost control, and adherence to CHA's compliance requirements.
 - 3. Potential impact on the ability of the Contractor to perform previously awarded Task Orders.
 - 4. CHA will review each submitted proposal and award a Task Order to the Contractor whose Firm Fixed Fee Task Order Proposal is deemed, in CHA's sole discretion, to provide the best value and be in the best interest of the CHA, unless CHA a) cancels the Task Order Proposal Request, or 2) upon review of all Proposals, chooses not to award the Task Order.

- R. Project Management Software. The Contractor shall maintain the capability to communicate and collaborate with the CHA and its designated representatives electronically via CHA's designated project management software.
- S. Subcontracts. All subcontractors utilized by the Contractor must receive prior approval in writing prior to utilization. Contractor shall comply with all applicable laws, regulations, policies and procedures of the CHA in the procurement of lower-tier subcontractors. Upon CHA's request, Contractor shall submit to the CHA a true and original copy of each subcontract it executes, and any amendment, modification, or change thereto, for any portion of the Work. CHA reserves the right to require Contractor to substitute or replace a subcontractor in the event that CHA informs the Contractor that the subcontractor has been placed on an administrative or investigative hold by the CHA, or due to prior instances of substandard performance by the subcontractor.
- T. Performance and Payment Bonds. Performance and Payment bonds shall be required for all Task Orders valued over \$50,000.
- U. Contractors in Tier 1 must self-perform on the site, and with their own employees and equipment, at least sixty-five percent (65%) of the total amount of Work to be performed under each Task Order.

Contractors in Tier 2 must self-perform on the site, and with their own employees and equipment, at least fifty-one percent (51%) of the total amount of Work to be performed under each Task Order.

Contractors in Tier 3 must self-perform on the site, and with their own employees and equipment, at least 25 percent (25%) of the total amount of Work to be performed under each Task Order.

of any event of default by the CHA, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

Notices required under this paragraph may be delivered via electronic mail.

To the extent permitted by applicable law:

- A. In connection with Contractor's performance under the Agreement and any assigned Task Order, the CHA may offset any incremental costs and other damages the CHA incurs in any and all of the following circumstances:
 - i. If the CHA terminates the Agreement for default or any other reason resulting from the Contractor's performance or non-performance;
 - ii. If the CHA exercises any of its remedies under Section 7.2 of the Agreement;
 - iii. If the CHA has any credits due or has made any overpayments under a Task Order.

The CHA may offset these incremental costs and any other damages by use of any payment due for the Services completed before the CHA terminated the Agreement or before the CHA exercised any remedies. If the amount offset is insufficient to cover those incremental costs and other damages, the Contractor shall be liable for and must promptly remit to the CHA the balance upon written demand for it. The right to offset is in addition to and not a limitation of any other remedies available to the CHA.

- B. Without breaching this Agreement, the CHA may set off a portion of the compensation due under an assigned Task Order in an amount equal to the amount of any liquidated or unliquidated damages or claims that the CHA has against the Contractor arising out of any other agreements between the CHA and the Contractor or otherwise unrelated to this Agreement, including, but not limited to, Contractor's default under any CHA-funded, secured, or guaranteed lending or credit program. If and when the CHA's claims against the Contractor are finally adjudicated in a court of competent jurisdiction or otherwise resolved, the CHA will reimburse the Contractor to the extent of the amount the CHA has offset against this Agreement inconsistently with the determination or resolution.

ARTICLE VIII REPRESENTATIONS, WARRANTIES AND SPECIAL CONDITIONS

8.1 Warranties, Representations and Covenants

In connection with the execution of this Agreement, Contractor warrants and represents to CHA:

- A. That it is financially solvent; and that it and its employees or agents of any tier are competent to perform the Services required under this Agreement; and that Contractor is legally authorized to execute and perform or cause to be performed the Services under the terms and conditions stated herein.
- B. That no officer, agent or employee of the CHA is employed by the Contractor or has a financial interest directly or indirectly in this Agreement or the compensation to be paid hereunder, except as may be permitted in writing by the CHA and HUD, and that no

payment, gratuity or offer of employment shall be made in connection with this Agreement by or on behalf of Contractor to any employee of the CHA; and the Contractor further acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions set forth herein shall be voidable as to the CHA.

- C. That Contractor and its subcontractors, if any, are not in default at the time of the execution of this Agreement, nor, within the last five (5) years, have they been terminated for default on any contract awarded by the CHA.
- D. That, except only for those representations, statements, or promises expressly contained in this Agreement, and any exhibits attached hereto and incorporated by reference herein, no representation, statement or promise, oral or in writing, or of any kind whatsoever, by the CHA, its officials, officers, agents, or employees, has induced Contractor to enter into this Agreement or has been relied upon by Contractor.
- E. That Contractor has carefully examined and analyzed the provisions and requirements of this Agreement and that it understands the nature of the Services required;
- F. That Contractor acknowledges that the CHA, in its selection of Contractor to perform the Services hereunder, materially relied upon the Contractor's proposal submitted in response to the RFP, that the proposal was accurate at the time it was made and that no material changes in it have been nor will be made without the express consent of the CHA;
- G. That Contractor and, to the best of its knowledge, its subcontractors are not in violation of the provisions of 18 U.S.C. § 666 (a)(2) and other Federal criminal laws applicable to public contracts funded with federal government funds, the Illinois Criminal Code, 720 ILCS 5/33E 1 *et seq.* (1989), as amended; and the CHA's Ethics Policy, as amended, and during the term of the Agreement will not violate the provisions of such laws and policies.
- H. That the Contractor has disclosed any and all relevant information to the CHA and Contractor understands and agrees that any certification, affidavit or acknowledgment made under oath or failure to disclose in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination of this Agreement.

8.2 Joint and Several Liability

To the extent permitted by law, in the event that the Contractor, or its successors or assigns, if any, are comprised of more than one individual or other legal entity (or a combination thereof), then and in that event, each and every obligation or undertaking herein stated to be fulfilled or performed by Contractor shall be the joint and several obligation or undertaking of each individual or other legal entity.

8.3 Business Documents

Upon request, Contractor shall provide to the CHA evidence of its authority to conduct business in the State of Illinois, including without limitation, registrations of assumed names or limited

partnerships and certifications of good standing with the Office of the Secretary of the State of Illinois. Contractor's Economic Disclosure Statement and Contractor's Affidavit submitted with Contractor's proposal are incorporated by reference as if fully set forth herein. Contractor shall at all times be in compliance with the representations contained in the Contractor's Affidavit and Contractor's Economic Disclosure Statement and shall disclose any changes to the accuracy of the representations made therein.

8.4 Conflict of Interest

- A. Contractor covenants that it and its employees, or subcontractors, presently have no interest and shall acquire no interest, direct or indirect, in this Agreement which would conflict in any manner or degree with the performance of the Services hereunder. Contractor further covenants that during the performance of this Agreement, no person having any such interest shall be employed. Contractor agrees that if the CHA determines that any of Contractor's services for others conflict with the Services that the Contractor is to render for the CHA under this Agreement; Contractor shall terminate such other services immediately upon request of the CHA.
- B. Additionally, pursuant to the conflict of interest requirements in OMB Circular A-102 and 2 C.F.R. §200.318(c)(1), no person who is an employee, agent, consultant, officer, or appointed official of the CHA and who exercises or has exercised any functions or responsibilities with respect to HUD assisted activities, or who is in a position to participate in a decision making process or gain inside information with regard to HUD activities, may obtain a financial interest or benefit from the activity, or have an interest in any contract, subcontract, or agreement with respect thereto, or the proceeds hereunder, either for himself or herself or for those whom he or she has family or business ties, during his or her tenure or for one year thereafter.

8.5 Non-Liability of Public Officials

No official, employee or agent of the CHA shall be personally liable to the Contractor or the Contractor's successor in interest for: (i) any default or breach by the CHA under this Agreement, (ii) any fee due to the Contractor or the Contractor's successor in interest or (iii) any other obligation arising under this Agreement.

8.6 Independent Contractor

The Contractor is an independent contractor under contract with the CHA and is not in a joint venture, partnership, agent-principal or employer-employee relationship with the CHA. The Contractor represents that it has, or will secure, at its own expense, all personnel required to perform the Work. Such personnel shall not be employees of, nor have any contractual relationship with, the CHA. The Contractor, consistent with its status as an independent contractor, agrees that it or its personnel will not hold themselves out as, nor claim to be, officers, agents, representatives or employees of the CHA. As an independent contractor, the Contractor will maintain complete control of and responsibility for its employees, subcontractors and agents and shall be solely responsible for the means and methods for carrying out the Work and the safety of its agents and

employees. The functions, duties and responsibilities of the Contractor with respect to any contractor employed by the CHA in connection with the Project shall be consistent with this Paragraph, and in no case shall the Contractor assume any of the obligations of the CHA to any contractor, unless expressly provided for in this Contract.

ARTICLE IX GENERAL CONDITIONS

9.1 Entire Agreement

This Agreement, comprised of this Agreement and the Exhibit(s) attached hereto and incorporated herein, shall constitute the entire agreement between the parties with respect to the subject matter hereof and no other warranties, inducements, considerations, promises, or interpretations shall be implied or impressed upon this Agreement that are not expressly addressed herein.

9.2 Counterparts

This Agreement may be executed by several identical counterparts, each of which shall be deemed an original and constitute one agreement binding on the parties hereto. Return of this document by electronic transmission bearing the signature of a party hereto constitutes the execution and acceptance of such party. This agreement may be executed via DocuSign or other electronic signature software, which shall be deemed an original.

9.3 Amendments

No changes, amendments, modification or discharge of this Agreement, or any part thereof, shall be valid unless in writing and signed by the authorized agent of Contractor and by the Chief Executive Officer of the CHA or his or her designated representative. The CHA shall incur no liability for additional Services without a written and signed amendment to this Agreement pursuant to this Section. Whenever in this Agreement Contractor is required to obtain prior written approval, the effect of any approval which may be granted pursuant to Contractor's request shall be prospective only from the later of the date approval was requested or the date on which the action for which the approval was sought is to begin. In no event may approval apply retroactively to a date before the approval was granted.

9.4 Deemed Inclusion

Provisions required by law, ordinances, rules, regulations or executive orders to be included in this Agreement are deemed inserted in this Agreement whether or not they appear in the Agreement or, upon application of either party, the Agreement shall be amended to make this insertion; however, in no event shall the failure to insert the required provisions before or after the Agreement is signed prevent its enforcement.

9.5 Governing Law

This Agreement shall be governed as to performance and interpretation in accordance with applicable Federal laws and the laws of the State of Illinois. Contractor hereby irrevocably submits

itself to the original jurisdiction of those courts located within the County of Cook, State of Illinois, with regard to any controversy arising out of, relating to, or in any way concerning the execution or performance of this Agreement. Contractor agrees that service of process on Contractor may be made, at the option of the CHA, either by registered or certified mail addressed to the applicable office as provided for in this Agreement, by registered or certified mail addressed to the office actually maintained by Contractor or by personal delivery on any officer, manager or director of Contractor. If Contractor brings any action against the CHA concerning this Agreement, the action shall only be brought in those courts located within the County of Cook, State of Illinois.

9.6 Severability

If any provisions of this Agreement shall be held or deemed to be or shall in fact be inoperative or unenforceable as applied in any particular case in any jurisdiction or in all cases because it conflicts with any other provision or provisions hereof or of any constitution, statute, ordinance, rule of law or public policy, or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstances, or of rendering any other provision or provisions herein contained invalid, inoperative, or unenforceable to any extent whatever. The invalidity of any one or more phrases, sentences, clauses or sections contained in this Agreement shall not affect the remaining portions of this Agreement or any part thereof.

9.7 Interpretation

The headings of this Agreement are for convenience of reference only and do not define or limit the provisions thereof. Words of any gender shall be deemed and construed to include correlative words of the other genders. Words importing the singular number shall include the plural number and vice versa, unless the context shall otherwise indicate. All references to any exhibit or document shall be deemed to include all supplements and/or amendments to any such exhibits or documents entered into in accordance with the terms and conditions hereof. All references to any person or entity shall be deemed to include any person or entity succeeding to the rights, duties, and obligations of such persons or entities in accordance with the terms and conditions of this Agreement.

9.8 Assignments

Unless otherwise provided for herein, the Contractor shall not assign, delegate or otherwise transfer all or any part of its obligations under this Agreement or any part hereof without the prior written approval of the CHA. The absence of such prior written approval shall void the attempted assignment, delegation or transfer and shall have no legal effect on the Services or this Agreement.

The Contractor shall not transfer or assign, in whole or in part, any funds or claims due or which may become due under this Agreement without the prior written approval of the CHA. Any attempted transfer or assignments of any contract funds, either in whole or in part, or any interest therein, which shall be due or become due to the Contractor, without the prior written approval of CHA, shall be void and of no legal effect. The CHA expressly reserves the right to assign or otherwise transfer all or any part of its rights or interests hereunder.

All of the terms and conditions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their permitted successors.

9.9 Waiver

Whenever under this Agreement the CHA by a proper authority expressly waives in writing Contractor's performance in any respect or expressly waives a requirement or condition to either the CHA or Contractor's performance, the waiver in writing so granted shall only apply to the particular instance and shall not be deemed a waiver forever or for subsequent instances of the performance, requirement or condition. No such waiver shall be construed as a modification of the Agreement regardless of the number of times the CHA may have waived the performance of a requirement or condition under this Agreement.

9.10 HUD and/or CHA Inspector General

It is the duty of the Contractor and its subcontractors to cooperate with the CHA and/or HUD Inspectors General in any investigation or hearing undertaken. All of the Contractor's subcontracts must include this provision and require agreement and compliance with the same.

9.11 Participation by Other Government Agencies

Other local government agencies ("Local Government Agencies") may be eligible to purchase Services pursuant to the terms and conditions of this Agreement if such agencies are authorized, by law or their governing bodies, to utilize such Services, if such authorization is allowed by CHA's Contracting Officer, and if such purchases have no significant net adverse effect on CHA and result in no observed diminished ability on the Contractor to provide the Services to CHA. Local Government Agencies shall include without limitation: City of Chicago, Chicago Park District, Chicago Public Schools, Chicago Transit Authority, and City Colleges of Chicago. All purchases and payment transactions shall be made directly between the Contractor and the requesting Local Government Agency. CHA assumes no authority, liability or obligation on behalf of any Local Government Authority
