SCOPE OF SERVICES

A. Introduction

The Chicago Housing Authority (CHA) seeks proposals from qualified firms to perform inspection, testing, routine maintenance, and minor repairs for **80 emergency backup generators of varying makes and models** located at CHA properties with elevators. The emergency generators serve as the sole point of alternate power. The majority of the units are powered by natural gas; however, a couple of units are diesel-powered. Two regions within the CHA public housing portfolio also have central plants. The objective is to ensure continuous operational readiness and regulatory compliance of these critical systems in accordance with manufacturer specifications and applicable codes. Refer to the Fee Form for a breakdown of units. There are three components to this scope of service: **annual routine maintenance and testing, inspection and minor repairs, and emergency repairs (call-out).**

B. General Scope of Services

1. Annual Routine Maintenance and Testing:

Contractor shall perform the following services in accordance with the Chicago Building Code and industry standards:

- a. **Annual Load Test:**
Conduct a minimum one-hour full-load test per generator, witnessed by the City of Chicago Electrical Bureau Inspector (per Section 18-27-701.35 of the Chicago Building Code).
- b. **Preventive Maintenance:**
Perform inspection, testing, lubrication, and general upkeep per manufacturer guidelines.
- c. **Minor Repairs:**
Address deficiencies identified during inspection to maintain system performance and reliability.

2. Inspection & Minor Repairs:

Minor Repairs: In order to maintain continuous operability, providers will be expected to perform minor repairs to correct deficiencies that are identified during the inspection. Contractor shall perform and document repairs as necessary, including but not limited to:

- a. **Battery Replacement** - Ensure that the generator's battery is functioning properly, replacing any batteries that are weak or dead.
- b. **Fuel System Checks** - Inspect and clean fuel filters, replace fuel lines if they are cracked or leaking, and top off fuel to avoid running dry during an emergency.
- c. **Coolant Level Check** - Ensure that the coolant levels are within the proper range and top off, if necessary, to prevent overheating.
- d. **Air Filter Replacement** - Check and replace the air filters if they are dirty or clogged, as they can restrict airflow and reduce engine efficiency.
- e. **Exhaust System Inspection** - Inspect exhaust pipes and mufflers for any leaks or corrosion and replace any damaged components.
- f. **Oil Change** - Regularly change the engine oil to ensure proper lubrication, especially if the generator has been running for an extended period.
- g. **Spark Plug Inspection** - Check the spark plugs for wear and replace them if necessary, to maintain a smooth engine start-up.
- h. **Wiring and Connections Check** - Inspect wiring and electrical connections for any signs of wear, fraying, or corrosion, and repair or replace as needed.

- i. **Load Bank Test Adjustment** - Perform minor adjustments to ensure the generator can handle load during a test or in real-time operation.
- j. **Vibration Dampers Inspection** - Ensure that any vibration dampers are intact and functioning, replacing them if they are worn or damaged.
- k. **Starter Motor and Alternator Inspection** - Ensure the starter motor and alternator are functioning properly, as these are crucial for starting and generating power.
- l. **Panel Switch or Circuit Breaker Checks** - Ensure the main panel and breakers are in good condition and replace any faulty switches.
- m. **Inspect for Leaks** - Look for any fluid or oil leaks from the engine or fuel system and repair or replace seals as necessary.
- n. **Rubber Hoses and Belts** - Check for wear or cracking of rubber hoses and belts, replacing any that appear worn to avoid failure during operation.
- o. **Annual Inspection Fee** – City of Chicago witnessing performed by city of Chicago city inspector

If there are additional commonly encountered causes for testing failure, respondents shall list those items so they may be included in the final agreement.

3. Emergency Repair (call-out) & Replacement of Faulty Components:

- a. **Engine Repairs:** Address issues such as misfiring, abnormal noise, overheating, or low oil pressure. This may include replacing parts like spark plugs, fuel injectors, or filters.
- b. **Fuel System:** Inspect and repair the fuel pump, fuel lines, and fuel filters. Ensure proper fuel delivery to the engine.
- c. **Alternator/Generator Unit:** Repair or replace the alternator or generator unit if there are issues with voltage regulation, output, or mechanical malfunction.
- d. **Electrical System:** Repair or replace any damaged wiring, connections, or breakers within the generator's electrical system. Inspect control panels and ensure the proper functioning of switches, relays, and fuses.
- e. **Exhaust System:** Repair or replace components of the exhaust system (e.g., mufflers, pipes) that may be clogged or damaged, causing safety concerns or inefficient operation.
- f. **Cooling System:** Inspect and repair the cooling system (radiators, fans, coolant levels) to ensure the generator does not overheat during operation.
- g. **Disposal of Parts and Materials:** The Contractor shall be responsible for the proper disposal of all parts, components, and materials removed or replaced in the performance of this contract.

Faulty components, whether from generators or other devices, must be disposed of correctly to ensure safety, protect the environment, and adhere to regulations.

If there are additional commonly encountered emergency repairs, respondents shall list those items along with the pricing, in a narrative format, so they may be included in the final agreement.

4. Response Time

- a. **Response Time:** The contractor shall be available for emergency call-outs and guarantee a response within a 24-hour period or sooner.
- b. **24/7 Availability:** Provide emergency repair services on a 24/7 basis, ensuring minimal downtime of the standby power system. Provide repairs related to deferred maintenance and other issues identified during inspections. Respondents are required to provide hourly rates for

standard hours of operation (7:00 am – 3:30 pm) as well as hourly rates for times outside of that window.

c. **Workforce:**

All work must be performed by licensed, bonded, and skilled technicians directly employed and supervised by the contractor.

d. **Authorization and Billing:**

Emergency repairs must be pre-authorized in writing by CHA and billed on a time-and-material basis, including subcontractor fees.

Related Insurance Requirements

The Certificate of Insurance evidencing the minimum coverages required herein shall be in force on the Effective Date of the Contract and continuously throughout the duration. The required documentation must be received prior to the commencement of work under this Agreement.

It is understood and agreed to by the parties hereto that Chicago Housing Authority and others listed below shall be included as Additional Insureds on Vendor's liability policies, with the exception of Professional Liability and Employer's Liability and such insurance is primary to and will not seek contribution from any insurance, deductibles, self-insured retentions and/or self-insured programs available to Chicago Housing Authority.

Certificate Holder: Chicago Housing Authority
60 E Van Buren
Chicago, IL 60605

Additional Insureds: Collectively referred to as the "Additional Insureds" shall include Chicago Housing Authority, Chicago Housing Administration, LLC; and/or other Partnership, Limited Liability Company as established by CHA; its respective commissioners, board members, officers, directors, agents, property management firms, agents, employees, invitees, and visitors.

Primary Coverage: For any claims related to this Agreement, the Vendor's insurance coverage shall be the primary policy. The Vendor expressly understands and agrees that any insurance or self-insurance programs maintained by the CHA shall apply in excess of and shall not contribute with insurance provided by the Vendor.

Prior to the issuing of the Notice to Proceed by the CHA, the Vendor shall submit a Certificate of Insurance via PINS Advantage Certificate Tracking System, evidencing compliance with the insurance requirements set forth above. You will receive an email with instructions for the submission of your insurance. Copies of the endorsement(s) adding the CHA to Vendor's policy as an additional insured are required upon request. Updated Certificates of Insurance are required for policies which renew during the term of this Agreement or extensions thereof. Under no circumstances shall the Vendor allow any required coverage to lapse, cancel or non-renew throughout the duration of the Agreement or extensions thereof.

At the CHA's option, non-compliance will result in (1) all payments due the Vendor being withheld until the Vendor has complied with the Agreement; or (2) the Vendor will be assessed Five Hundred Dollars (\$500.00) for every day of non-compliance; or (3) the Vendor will be immediately removed from the premises and the Agreement will be terminated for default. The receipt of any certificates does not constitute agreement by the CHA that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate comply with all Agreement requirements. The insurance policies shall provide for thirty (30) days prior written notice to be given to the CHA in the event coverage is substantially changed, canceled or non-renewed.

The Authority in no way warrants that the minimum limits contained herein are sufficient to protect the Authority from liabilities that might arise out of the performance of the work under this Agreement by the Vendor or its Subcontractors. The Vendor shall assess its own risks and, if it deems appropriate and/or prudent, maintain higher limits and/or broader coverages. The Vendor is not relieved of any liability or other obligations assumed or pursuant to the contract by reason of its failure to obtain or maintain sufficient insurance.

The Vendor shall require all subcontractors to carry the insurance required and adhere to the same requirements and conditions as outlined above.

The Vendor expressly understands and agrees that any insurance or self-insurance programs maintained by the CHA shall apply in excess of and will not contribute with insurance provided by the Vendor and/or any of its subcontractors.

THE REQUIRED DOCUMENTATION MUST BE RECEIVED PRIOR TO THE BIDDER COMMENCING SERVICES AT THE DESIGNATED CHA LOCATION.

If any of the required insurance is underwritten on a claims made basis, the retroactive date shall be prior to or coincident with the date of the Contract and the Certificate of Insurance shall state the coverage is "claims made" and also the Retroactive Date. The Bidder shall maintain coverage for the duration of the Contract. Any extended reporting period premium (tail coverage) shall be paid by the Bidder. The Bidder shall provide to the CHA, annually, a certified copy of the insurance policies obtained pursuant hereto. It is further agreed that the Bidder shall provide the CHA a thirty (30) day notice in the event of the occurrence of any of the following conditions: aggregate erosion in advance of the Retroactive Date, cancellation and/or non renewal.

The Bidder shall require all subcontractors to carry the insurance required herein or the Bidder may provide the coverage for any or all of its subcontractors, and if so, the evidence of insurance submitted shall so stipulate and adhere to the same requirements and conditions as outlined above.

The Bidder expressly understands and agrees that any insurance or self-insurance programs maintained by the CHA shall apply in excess of and will not contribute with insurance provided by the Bidder under the Contract.

- (b) If any such change causes an increase or decrease in the hourly rate, the not-to-exceed amount of the contract, or the time required for performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects the conditions of this contract, the HA shall make an equitable adjustment in the not-to-exceed amount, the hourly rate, the delivery schedule, or other affected terms, and shall modify the contract accordingly.
